Arch Pain/Flat Feet

Ball-of-Foot Pain

Bunions

Calluses

Corns

Crooked Toes

Hammer Toes

## Help your customers!

Become familiar with these basic Ailment terms, common causes of problems, and the PediFix products designed specifically to relieve them. Be quick to suggest professional medical care to customers with foot problems that seem serious, especially among people with diabetes.

**Arch Pain/Flat Feet:** A flattened foot or 'fallen' arch can occur genetically or due to excess pronation, aging and weakened or injured ligaments. Unsupportive footwear can also contribute to foot discomfort.

**Solutions:** Supportive shoes, insoles, extra arch support: *Arch Cradles®* (#P182), *Arch Support Bandage* (#P60), *Arch Support Bandage with Metatarsal Pad* (#P6002), *Massaging Work Insoles for Men* (#P185), *Gel-Step® Orthotics* (#7000, #7050).

**Ball-of-Foot Pain:** 'Metatarsalgia' describes irritation of the bones of the ball-of-foot, worsens with age, as the natural 'fat pad' that protects the feet grows thinner. Pain can be at a specific spot, under a metatarsal 'head' or more generalized.

**Solutions:** Supportive shoes, added arch support, insoles, ball-of-foot pads that cushion, protect and/or support to redistribute pressure. *Pedi-GEL® Metatarsal Pads* (#P8208), *Arch Cradles®* (#P182), *Pedi-GEL® Callus Pads* (#P8203), *Pedi-GEL® Ball-of-Foot Pads* (#P8201), *Ball-of-Foot Cushion* (#P88), *FELTastic™ Metatarsal Support Pads* (#P86), *Visco-GEL® Ball-of-Foot Protection Sleeve* (#P1225), *Visco-GEL® Ball-of-Foot Cushion* (#P3004), *Visco-GEL® Ball-of-Foot Wrap* (#P1295), *Arch Support Bandage with Met Pad* (#P6002), *FeatherStep® Insoles* (#P195).

**Bunions:** A thickening, bony bump, often with inflammation of tissues at the base of the big toe joint that can form as a result of genetics, faulty foot biomechanics and pronation. Also made worse by poorly fitting shoes, including too narrow, pointy, or high-heeled. Sometimes the big toe remains straight, with just a bump at its base. In others, the big toe will become crooked, pointing towards, rubbing, under or overlapping the 2nd toe.

**Solutions:** Wider, supportive, low heel height footwear that reduces pressure and friction on the big toe joint, cushions that protect the bunion area or separate toes that rub. *Visco-GEL® Toe Spacers* (#P28), *Visco-GEL® 'Stay-Put' Toe Spacer™* (#P27), *Visco-GEL® ToeBuddy®* (#P33), *Visco-GEL® Bunion Guard™* (#P46-L), *Visco-GEL® Dual-Action Bunion Fix* (#P47), *Visco-GEL® ToeBuddy® Bunion Guard™* (#P1038), *Visco-GEL® Bunion Relief Sleeve* (#P1303), *Nighttime Bunion Regulator™* (#P6035).

**Calluses:** Hardened areas of skin on the bottoms and sides of feet that thicken to protect underlying bones from excess pressure or friction. Sometimes these form in specific spots, other times over a larger area of the forefoot or heel.

**Solutions:** Supportive, properly-fitted shoes, protective pads, cushions and supports. Moisturizing and exfoliation or debridement of hard, rough, thick skin. *Visco-GEL® Silicone Moleskin Protective Padding* (#P805), *FELTastic™ Callus Protectors* (#P16), *Pedi-GEL® Callus Protectors* (#P8203), *Pedi-GEL® Metatarsal Support Pads* (#P8208), *Pedi-GEL® Comfort Gel Sheets* (#P8205), *Pedi-Quick® Dual-Action Foot File* (#P3011), *Pedi-Quick® Safety Corn & Callus Trimmer* (#P3035), *Callus Control Cream™* (#P3310), *Tea Tree Ultimates® Soaking Crystals™* (#P3078), *Deep-Healing Foot Cream™* (#P3069), *Diabetic Defense® Daily Therapy Foot Moisturizer* (#P3620), *Heel-So-Smooth® Heel Sleeves* (#P800), *Gel Ultimates® Moisturizing Booties* (#P802), *New! Pedi-Patch™* (#P2105), *New! Visco-GEL® Medicated Callus Removers* (#R819).

**Corns:** Small, circular spots of thickened skin that form on or between toes to protect underlying bones from excess pressure and friction, frequently caused by too tight shoes or other foot conditions.

**Solutions:** Properly fitting, supportive shoes, protective pads & cushions, medicated removers, files and moisturizers. *Visco-GEL® Toe Separators* (#P31), *Visco-GEL® Corn Protectors* (#P81), *Visco-GEL® Toe Tubes* (#P338), *Visco-GEL® Fabric-Covered Toe Tubes* (#P1202), *Visco-GEL® Little Toe Sleeves* (#P32), *Visco-GEL® Toe Protector* (#P82), *Visco-GEL® All Gel Toe Cap* (#P80), '4 in 1' *Toe Cushions* (#P83), *Nylon Covered Toe Cap* (#P34), *3-Layer Toe Separators™* (#P280), *Tubular Foam Toe Bandages™* (#P337), *Pedi-Quick® OneStep Corn Removers* (#R3063), *Pedi-Quick® Dual-Action Foot File* (#P3011), *2-Sided Foot File* (#P3020), *Safety Corn & Callus Trimmer* (#P3035), *Pedi-Quick® Salon Pedicure Kit* (#P3349), *SoreSpot® Blister & Skin Protection Bandages* (#P810).

**Blisters:** Similar to Corns & Calluses, blisters form as the body's natural shield to minimize further skin injury and damage. But unlike those, fluid flows to create a 'sac' to better protect lower layers of skin. Blisters should be covered with bandages.

**Solutions:** See "Corns", "Calluses"

**Crooked & 'Hammer' Toes:** Flexible or rigidly crooked or bent under 'claw' toes cause irritation of toe tips and tops; rub, overlap or underlap adjacent toes to make walking uncomfortable. The condition is usually caused by an imbalance in the muscles, tendons and ligaments that normally hold the toe straight, made worse by genetics, and wearing shoes that are too short or narrow.

**Solutions:** Supportive, roomy shoes that accommodate toe deformity, and specifically designed pads, cushions, caps and separators that can help protect, straighten, realign and support toes: *Podiatrists' Choice® Toe Straighteners* (#P55/P57/P58), *Visco-GEL® or Felt Hammer Toe Cushions* (#P53/P54), *Toe Trainers®* (#P51), '4 in 1' *Toe Cushions* (#P83), *Visco-GEL® Toe Separators* (#P31), *Toe Tubes* (#P338), *Fabric-Covered Toe Tubes* (#P1202), *Little Toe Sleeves* (#P32), *Toe Protector* (#P82), *All Gel Toe Cap* (#P80), *Pedi-GEL® Corn Cushions* (#P8206), *Nylon Covered Toe Cap* (#P34), *3-Layer Toe Separators™* (#P280), *Tubular Foam Toe Bandages™* (#P337), *New! ToeSnug™ Adjustable Hammer Toe Wrap™* (#P8163).

**Foot Fungus:** “Tinea Pedis, or ‘Athlete’s Foot’ is a highly contagious fungal infection of the skin, usually discovered between the toes, or on the soles of the feet. Left untreated, it can cause toenail infection (Onychomycosis) that is very difficult to treat. Fungus can cause irritation, itching, cracking, peeling and odor, often re-infecting feet through previously exposed shoes and socks.

**Solutions:** Wash and dry feet thoroughly, wear and change socks frequently, change shoes regularly so they dry. Add absorbent insoles to shoes, apply creams, powders and/or deodorants to feet and use foot soaks to clean and deodorize. Medicated products generally help control symptoms. *FungaSoap®* (#P3071/2), *FungaZoil® Advanced Antifungal Solution* (#P3492), *Tea Tree Ultimates® Soaking Crystals™* (#P3078), *ShoeZap® 15 Minute UV Shoe Sanitizer* (#P3410), *Pedi-Quick® Foot Scrubber* (#P3360)

**Foot Odor:** Feet perspire significantly — up to 1 pint per day! Bacteria thrive in warm, dark, moist conditions found inside footwear. The combination can create organic compounds that can make shoes, socks and feet stink.

**Solutions:** Change shoes daily, wash and dry feet thoroughly, control excess perspiration, sanitize shoes, and use anti-odor cream, sprays or powders: *FungaSoap®* (#P3071/2), *FungaZoil® Advanced Antifungal Solution* (#P3492), *Tea Tree Ultimates® Soaking Crystals™* (#P3078), *ShoeZap® 15 Minute UV Shoe Sanitizer* (#P3410), *PediLux4™ Deodorizing Foot Cream* (#P3328).

**Heel Pain:** Most often the result of unusual or excessive strain on the ‘plantar fascia’ ligament on the bottom of the foot where it connects individual metatarsal or toe bones to the heel.

**Solutions:** Even with supportive shoes, this can be a difficult condition to treat. In addition to stretching, massage and injection options, take action at the first sign of heel pain by using the proper arch supports, heel cushions and night splints: *Arch Cradles®* (#P182), *EZ Mornings™ Heel Relief Stretching Splint* (#P6040), *Arch Support Bandage* (#P60), *Visco-GEL® Arch Wrap* (#P1291), *GelStep® Heel Cups* (#5025, #5050, more), *Align-A-Heel™ & Peel-Away™ Lifts* (#P6581/2), *Heel Straights™* (#P316), *New! Plantar Fasciitis Relief Sleeve* (#P6023), *New! Plantar Fascia Stretching Sock* (#P6045).

**Nail Fungus:** The same fungal species that cause Athlete’s Foot can also infect toenails. Known as ‘Onychomycosis’ this infection can cause yellow, brownish nail discoloration, thickening, brittle and crumbling nails, and odor.

**Solutions:** If caught early, topical anti-fungal liquids can help improve nail appearance, but once the infection reaches under the nail, these are less effective. Seek professional care — the sooner the better — the longer the fungus has to get established, the more difficult it is to treat. Take preventative measures to keep feet clean and dry, avoid infection. *FungaSoap®* (#P3071/2), *FungaZoil® Advanced Antifungal Solution* (#P3492), *Tea Tree Ultimates® Soaking Crystals™* (#P3078), *ShoeZap® 15 Minute UV Shoe Sanitizer* (#P3410).

**Neuroma:** A cluster of nerves in the ball of foot that become inflamed due to pressure, most often at the base of the third or fourth toes. Wearing shoes that squeeze feet into unnaturally narrow spaces, and high heels that increase pressure on delicate bones of the forefoot are additional causes.

**Solutions:** Spacious, supportive shoes with a roomier toe box, arch supports, ball-of-foot pads to support the forefoot and help redistribute weight: *Arch Support Bandage with Met Pad* (#P6002), *FELTastic™ Metatarsal Pads* (#P86), *Pedi-Gel® Ball-of-Foot Pads* (#P8201), *Pedi-GEL® Metatarsal Pads* (#P8208), *Arch Cradles®* (#P182), *FeatherStep® Insoles* (#P195), *GelStep® Thin Dress Insole* (#7029).

**Pump Bump & Achilles Strain:** An irritation of the bottom of the calf/top of heel due to increased activity, friction and rubbing.

**Solutions:** Better fitting shoes, pads and specially-designed heel cushions that protect or reposition the heel to relieve pressure spots and strain: *Pedi-Smart® Heel Hugs™* (#P68), *Visco-GEL® Achilles Protection Sleeve* (#P1400), *Visco-GEL® Silicone Moleskin Protective Padding* (#P805), *SoreSpot® Blister and Skin Protection Bandages* (#P810), *Peel Away™ Heel Lift* (#P6582), *New! Pedi-Patch™* (#P2105).

**Tired, Achy Feet:** Standing, walking or running on hard surfaces, poor footwear, faulty biomechanics and other, general causes of foot pain are common.

**Solutions:** Supportive shoes, arch supports, orthotics or insoles. Arch supports and revitalizing products: *FungaSoap®* (#P3071/2), *Tea Tree Ultimates® Soaking Crystals™* (#P3078), *Pedi-Quick® Foot Scrubber* (#P3360), *Arch Cradles®* (#P182)

**Warts:** Round, colored, textured growths that appear most often on the bottoms of feet, caused by a skin virus. Generally harmless, but can become sensitive to pressure if left untreated.

**Solutions:** OTC or professional treatment with the help of pads and cushions that protect sensitive spots during treatment: *FELTastic™ Callus Pads* (#P16), *Pedi-GEL® Callus Pads* (#P8203), *FungaFiles®* (#P3012)

**Diabetes:** Diabetes can cause...

**A.** neuropathy — a loss of sensation in the feet that makes it hard to notice corns, calluses, sores or injuries.

**B.** dry, rough, hard, cracked skin that makes feet more prone to infection. **C.** slow and non-healing of otherwise insignificant conditions and injuries that can become ‘ulcers’. Ulcers that don’t heal can lead to serious health issues, even foot and leg amputations.

**Solutions:** Regular visits to the doctor for professional care, daily inspection and cleaning of your feet and lifestyle changes that minimize diabetic conditions (diet, stop smoking, exercise, etc.) can help prevent foot complications. These products help you care for diabetic feet: *FungaSoap®* (#P3071/2), *Diabetic Defense® Daily Therapy Foot Wash* (#P3076), *Deep-Healing Foot Cream™* (#P3069), *Diabetic Defense® Daily Therapy Foot Moisturizer* (#P3620), *Stretch Socks™* (#P760), *Seamless™ Everyday Socks* (#P795), *Seamless™ Oversized Socks* (#P798), *ShoeZap® 15 Minute UV Shoe Sanitizer* (#P3410)

*Blue Zone under heel*

### GelStep® Heel Pads with Soft Spur Spot

Soft Gel Pad with even softer **Blue Zone** for extra cushioning, protection and relief of heel pain. Pads require less space in shoes than Cups. Spur Spot is located where the plantar fascia attaches to the calcaneus for extra relief.

1 pr/pk	Covered 'C'	Uncovered
Small	#5100-C	#5100
Medium	#5101-C	#5101
Large	#5102-C	#5102

### GelStep® Heel Pads with Soft Center Spot

Soft Gel Pad with even softer **Blue Zone** for extra cushioning, protection and relief of heel pain. Pads require less space in shoes than Cups. Center Spot provides larger relief area than 'Spur Spot'.

1 pr/pk	Covered 'C'	Uncovered
Small	#5105-C	#5105
Medium	#5106-C	#5106
Large	#5107-C	#5107

*We highly recommend our optional anti-microbial top covers that improve shoe environment, reduce friction and ease shoe donning — an exclusive GelStep® feature.*

### GelStep® Heel Cups & Pads Sizing

Small fits Women's Shoe Sizes 4-7  
Medium fits Men's sizes 6-8 ½, Women's 7 ½ - 10  
Large fits Men's sizes 9-11 ½, Women's 10 ½ - 12  
Extra Large fits Men's sizes 12-14 ½, Women's 12+  
XX Large fits Men's sizes 15+

### GelStep® 3/4 Length Insoles

*Effective in Sneakers, Shoes and Boots*

Comfort, support and protect feet to ease heel, arch and forefoot pain. Mild metatarsal pad. Softer heel and ball-of-foot **Blue Zones** for extra foot cushioning.

1 pr/pk	Covered
Small	#7000-C
Medium	#7001-C
Large	#7002-C
XLarge	#7003-C
XXLarge	#7004-C

### GelStep® Full Length Replacement Insoles

*Replace New or Worn Insoles for Added Comfort*

These add support and cushioning to sneakers, boots and dress shoes with removable insoles. They help ease heel, arch and forefoot pain and absorb shock. Great for athletes, business professionals and geriatric customers. **Blue Zones** provide extra soft protection for sensitive areas.

1 pr/pk	Covered
Small	#7050-C
Medium	#7051-C

### EZ Mornings™ Heel Relief Stretching Splint

*Relieves Plantar Fasciitis Pain and Speeds Healing*

'Plantar Fasciitis' is the medical term for pain that results from strain and microscopic tearing of the plantar fascia ligament on the bottom of the foot. One common symptom of this condition is sharp heel pain upon arising in the morning (because the ligament contracts during the night). Worn while resting or sleeping, this Splint stretches the fascia continuously to minimize morning pain and help speed healing. Adjustable stretch. Sizing is approximate. Small fits shoes sized 5-9, Large fits 9+.

1/pk	Item#
Small (fits up to Women's shoe sizes 9, Men's 8)	<b>#P6040-S</b>
Large (fits Women's shoe sizes 9 ½+, Men's 8 ½+)	<b>#P6040-L</b>

Stretches from midfoot, not  
toes, for greater comfort and  
patient compliance.

Heel-free is cooler  
and more comfortable

### Pedi-Smart® Heel Hugs™

**Prevent Slipping Heels & Blisters**

Instantly stop shoes from slipping off and rubbing against the back of sore heels. These soft foam cushions also absorb shock to soothe and protect. Self-adhesive backings allow easy positioning in women's or men's footwear. Trimmable. One size fits most.

**1 pr/pk Item#**  
**#P68**

### Peel-Away™ Adjustable Heel Lift

**Solve Leg-Length Discrepancies, Ease Achilles' Pain**

Unique Lift elevates heel to balance differences in leg length that can cause hip, back and biomechanical problems. Also helps relieve heel spurs, Achilles' tendonitis and related conditions. Fits left or right foot.

<b>1/pk</b>	<b>Item#</b>

### **FELTastic™ Metatarsal Support Pads**

*Ease Ball-of-Foot Pain Instantly*

Soft, contoured, genuine wool felt pads adhere to the insides of shoes to cushion, protect and support metatarsals. Unlike flat pads, their unique orthopedic shape actually helps improve the position of foot structures to relieve the cause of forefoot problems, not just the symptoms, like calluses and pain — sometimes described as “like walking on a pebble”. Felt conforms to the wearer’s feet for customized relief. Small fits most shoe sizes 5-9. Medium fits most sizes 10+.

1 pr/pk	Item#
Small	<b>#P86-S</b>
Medium	<b>#P86-M</b>

Note: P86 contains natural **rubber latex** which may cause allergic reactions.

### **Visco-GEL®**

#### **Ball-of-Foot Wrap**

*Relieves Ball-of-Foot Pain*

Stretchable nylon fabric positions a soft, silicone Gel pad that cushions and protects the forefoot area. Helps relieve ball-of-foot pain, metatarsalgia, calluses and fat pad atrophy. Designed for wear under or over socks. Thin profile fits comfortably in most footwear. Washable and reusable for months. Adjustable. Interchangeable — fits right or left foot. Small fits Narrow feet. Large fits Wide feet.

1/pk	Item#

### '4 in 1' Super-Soft Toe Cushions™

#### Gently Separate, Cushion & Protect Toes

These extra-soft foam Cushions divide toes to absorb pressure and friction while comforting corns and other toe irritations. Help protect toe tops & tips, support bent-under 'hammer' toes and more. Wear on top or under, between 2, 3 or all toes. Great for pedicures, too. Scissor-trimmable for a custom fit. One size fits most.

2/pk	Item#
	#P83

### Visco-GEL® Fabric-Covered Toe Tube

#### *Soothe and Protect Sore Toes*

Soft fabric with Gel lining surrounds and separates toes. Cushions and protects to relieve corns, between-toe friction and irritation. Divides crooked, overlapping toes. 1, 6"-long piece. Trim to fit.

1/pk	Item#
Small	#P1202-S
Large	#P1202-L

### Visco-GEL® Little Toe Sleeves™

#### *Specially Designed to Fit the Pinky Toe*

Relieve corns, blisters, ingrown nails and other irritations. Unique Gel absorbs pressure and friction, protects, soothes and moisturizes. Exclusive conical shape stays in place. Fit comfortably in most shoes. One size fits most.

2/pk	Item#
	#P32

### Tubular Foam Toe Bandages™

#### *Surround, Cushion and Protect Toes*

Soft foam tubes absorb pressure and friction to cushion and separate toes that rub. Relieve corns, ingrown nails and other irritations. Fit comfortably in most footwear. Scissor-trimable for a custom fit. Each package contains three 3-inch long bandages.

**How does Visco-GEL® work?**

Soothing gel absorbs pressure and friction to cushion and protect skin.  
Mineral oil is released by the gel to soothe and moisturize skin.  
Skin

**Only Visco-GEL® ...**

- Cushions, protects, absorbs pressure, shock and shear forces better than other materials
- Releases medical-grade mineral oil, enriched with vitamin E, to soothe, soften and moisturize skin
- Conforms to prominences and foot contours
- Features our anatomically-designed products
- Guarantees its durability — will not flatten, deform or degrade with use
- Is hypo-allergenic, washable and reusable
- Is scientifically formulated for consistent softness, durability and color

*"...Your Visco-Gel products are really great — consistently good quality, expert designs, and my patients love them. Your customer service people are great to deal with—always helpful and very knowledgeable..."* Dr. Pam Hoffman

**New!****15 Minute  
UV Shoe  
Sanitizer**

# ShoeZap®

**Kills Fungus & Bacteria  
That Cause Infections & Odor**

**Helps Fight**

- Toenail Fungus • Athlete's Foot
- Smelly Shoes • More!

**The Problem —  
Shoes Are Contaminated**

Warm, dark and damp, shoes are the perfect breeding ground for germs, including...

Fungus

Bacteria

Viruses

Yeasts

Molds

Allergens

*T. rubrum*

*T. mentagrophytes*

*P. aeruginosa*

*C. albicans*

*Staphylococcus aureus*

*E. coli*

More

**Proven technology — improved!**

ShoeZap® is the first and only UV Sanitizer with all these unique advantages...

- Faster — works in just 15 minutes
- Simpler — ONE size Sanitizer fits ALL shoe sizes & styles
- Reversible — to fully disinfect the heel area, too
- Rugged — engineered for years of frequent use

**How ShoeZap® Works**

ShoeZap® emits UVC germicidal light (253.7 nm wavelength) that sterilizes micro-organisms. This same technology has been used worldwide for decades to sanitize air in hospitals, kill germs in drinking water, disinfect food preparation surfaces and more.

**Science & Research**

Numerous studies demonstrate the sanitizing power of UVC light. Others prove its effectiveness in footwear. See research, studies, expert opinions and more on our website here: <http://www.pedifix.com/t-szstudies.aspx>

**ShoeZap® — Instead of Toxic Shoe Sprays**

Shoe sprays have limited, short-term effect on germs. Worse, the chemicals that might kill microbes can leave a toxic residue in footwear. Re-activated by perspiration, this creates an unhealthy 'foot bath' feet are then trapped in all day. ShoeZap® is 'green technology' — no smelly fumes, aerosol dispersants or lingering chemicals in shoes. And over time, ShoeZap® costs less, too.

**Germ-filled shoes can be a source of foot and nail infections — and re-infection — even after thorough professional treatment and medical care.**

If your customer's skin or toenails are infected, or were in the past, it's very likely their shoes are contaminated with one or more of these pathogens that can again re-infect their feet.

**The Solution — ShoeZap®**

- Sterilizes microbes that can attack, infect, and re-infect feet
- Disinfects & Deodorizes — kills bacteria that cause odors
- Keeps shoes microscopically-clean™, more hygienic and safer to wear

*Works in ALL types of footwear!*

## 2 Ways to Help Your Customers to Better Foot Health

### 1. "Treat Their Shoes While Your Treat Their Feet"

It works so fast, you can 'Zap' customer's footwear during their appointments and fittings. Give them back microscopically-clean™ shoes, demonstrate ShoeZap's® simplicity, and encourage purchase for more frequent, at-home use.

### 2. Recommend ShoeZap® purchase for at-home use

The more often shoes are 'zapped' the better. For customers fighting active skin or toenail infections, daily use is recommended. For others, every other day, weekly and seasonal use is suggested.

## 15 Minutes and 4 Easy Steps to Microscopically-Clean™ Shoes

### 1 Place Sanitizers in Shoes

### 2 Place Shoes & Sanitizers in UV-Proof Safety Bags

### 3 Power 'On'

### 4 Device Turns Off Automatically After 15-Minute Treatment

### In-Store Customer Education Materials

**"It just doesn't make sense to treat customers for skin and nail infections, then watch them put on fungus-filled footwear"** *Leading Podiatrist*

## Frequently Asked Questions

### Who should use ShoeZap®?

Everyone! Especially people susceptible to, wanting to prevent, or being treated for odor, fungus, skin, toenail, diabetic or post-op infections, those with compromised immunity, and anyone who wants to be proactive about their shoe cleanliness, foot health and hygiene.

### How often should I use ShoeZap®?

The more often, the better. Daily or every-other-day use is recommended to patients who wear the same shoes every day, don't wear socks, perspire heavily or have an active skin or nail infection. Weekly, monthly and seasonal use is suggested for shoes worn less frequently.

### How does ShoeZap® complement medical treatments for toenail fungus, Athlete's Foot and other infections?

Helping reduce the chance of recurrence and re-infection from contaminated shoes, ShoeZap® can enhance results from laser, oral and topical treatments.

### Fight Fungus & Odor That Lives Inside Shoes

By killing the germs that cause common dermatology conditions, ShoeZap® improves the odds of successful fungal treatments, reduces odors and helps prevent infection and re-infection of skin and nails. Get ShoeZap® today and help your customers to better foot health

## New Antifungal & Anti-Odor Technologies

### FungaZoil® Antifungal Solution

*Treats Fungus of the Toes & Fingers On Skin, Around, Adjacent To and Under Nails*

First with the broad-spectrum antifungal power of Clotrimazole in an exclusive, penetrating Essential Oils Formula. Kills 6 types of fungus, yeast and molds that cause skin and nail discoloration. Helps improve nail appearance. Exclusive carrier oils — with a history of antifungal, antimicrobial and antibacterial activity — help penetrate, including Tea Tree, Jojoba, Sweet Almond and Peppermint Oils.

**1 Bottle Item#**

.5 oz **#P3492**

### Antifungal

### Anti-Odor

**New!**

### PediLux4™ Deodorizing Foot Cream

*One Use Stops Foot Odor for Months*

Single application keeps smelly feet odor-free for up to 90 days. Patent-pending cream formula helps limit bacteria growth that causes foot and shoe odor. Just apply to feet, wear the special absorption socks (included) overnight, and foot odor is gone. Doctor recommended for stinky feet problems.

**1 Kit Item#**

.18 oz **#P3328**

*"With one application the whole family immediately noticed the results...Two and a half months out, and it continues with good results. I am excited to have this available for my patients"* Paul Jones, DPM

**Deep-Healing Foot Cream™***Softens Rough, Dry, Cracked Skin*

This rich, hydrating cream features mineral oil and vitamins A, D and E to moisturize and soften calluses and dry, rough skin. Our special formula penetrates deep to help heal dry, cracked areas — which is especially beneficial for people with diabetes and sensitive feet.

### Visco-GEL® Digit Tube

*Protect, Soothe, Moisturize*

Relieve pain and inflammation from arthritis, athletic stress or injury and absorb shock. Flexible mesh fabric stretches easily over digits. Can be cut to any size. Gel slowly releases mineral oil and vitamin E to soften and moisturize skin. Washable and reusable. 1, 6"-long piece. Trim to fit.

1/pk	Item#
Small	<b>#P4202-S</b>
Large	<b>#P4202-L</b>

### Visco-GEL® All-Gel Digit Cap

*Protect, Soothe, Moisturize*

Relieve pain and inflammation from arthritis, athletic stress or injury. Comfort and protect nail bed injuries, dry cracked cuticles and partially amputated fingers. May help reduce hypersensitivity, improve skin elasticity and the appearance of scars. Comfort vent at tip allows skin to breathe. Washable and reusable.

1/pk	Item#
Small	<b>#P4075-S</b>
Large	<b>#P4075-L</b>

### Visco-GEL® Palm & Thumb Protector

*Relieves Pain of the MP/CMC Joint*

Soft'N Stretch™ fabric sleeve positions a soft Gel pad to protect metacarpal heads. Use to cushion the base of the thumb or incision sites. Low profile design fits comfortably under splints and braces. Ideal for 'trigger finger'.

1/pk	Item#
Small	#P4306-S
Large	#P4306-L

### Visco-GEL® Carpal Tunnel Relief Sleeve

*Eases Pain, Cushions & Protects*

Soft'N Stretch™ fabric positions the anatomically-designed Gel pad to cushion and protect. Reduces impact, shock and vibration to ease discomfort following injury, surgery, or burns. Allows a full range of motion and provides mild compression. Low profile design. Helps soften scars. Small fits average sized hands. Large fits bigger hands.

# ***Sensitive Feet™ Foot Protection Insoles***

***Doctor-Recommended for  
People with Persistent  
Foot Pain, Pressure Points,  
Arthritis or Diabetes.***

These specially-constructed insoles relieve pain on the bottoms of feet caused by a variety of conditions and ailments. The soft Plastazote® top-layer cushions sore spots, conforms to the wearer's feet and reduces friction to help accommodate, relieve and prevent painful calluses. The bottom layer of Poron® provides a durable, protective layer that absorbs pressure and impact shock. This combination of materials is used to produce costly custom orthotics for patients concerned with diabetic ulcers, and their avoidance, providing some of those same foot protection benefits, at a fraction of the cost. One, trim-to-fit size.

- Maximum Comfort for Diabetic and Arthritic Feet
- Reduce Friction to Help Prevent Calluses
- Absorb Shock and Pressure
- Two Long-Lasting Layers Compress and Rebound with Each Step!

**1 pr/pk**      **Item#**

"The best new line I have added in a long time" — Doug E., Store Manager

**Footcare Sells! Modernize, expand or replace your current assortment with PediFix®!**

These unique *medical* footcare products are guaranteed to help your customers solve stubborn foot problems, relieve pain, live comfortably and stay active — and boost your sales, profits and doctor referrals, too.

Available exclusively to Podiatrists and Orthopedists for decades, PediFix is dispensed and recommended by footcare experts more than any other brand. But changes in healthcare increasingly require that they refer patients to locally-owned retailers to purchase these products instead of dispensing them. And this creates a new opportunity for you.

PediFix is so popular in stores just like yours, that we offer a 'Timeless Guarantee' — if ever you aren't completely satisfied with their sales performance, we buy them back, at any time. You risk nothing.

Foot problems affect 4 out of 5 people, increasingly as we age. PediFix will help you, your customers, and the patients of doctors who send them. Choose a display, a planogram, or assortment of top-sellers today.

No Sore Feet!
