256 Ways to Relieve Foot Pain™*

Foot Specialists Since 1885

Expect outstanding products, service and support from the only fourth-generation, family-owned business in the footcare industry.

Heinrich Berkemann

Hans and Walter Berkemann

Dr. Melitta Berkemann

Roger Case

Dennis Case, Jon Case, Chris Case

Dear Colleague,

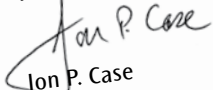

Here for you and your patients is our assortment of new products! Discover innovative new items launching now, as well as those from recent years that you might have missed.

You'll find solutions to common — and uncommon — foot conditions inside. All are proven effective, economical and easy to use. You choose the best way to get these to your patients — dispense them from your practice for the highest patient compliance and best outcomes. Or prescribe OTC-packaged items through a nearby, locally-owned retailer (please don't send patients to the big-box stores like Walgreens, CVS, WalMart, or Amazon — they only carry low-quality imitations that will likely disappoint). Or enable patient direct ordering at pedifix.com or via our printed Product Guides — unlimited copies available to you for free!

Join our family mission to help millions of people end foot pain, live comfortably and stay active.

Contact us today to order, or get more information. Use the Form on page 23, call, FAX or contact your favorite PediFix supplier. We're all here to serve you, your patients, and your practice.

Professionally,

Jon P. Case
President

PediFix

Medical Footcare
256 Ways to Relieve Foot Pain™

Item #P6023

S, M, L, XL
One/Pack

New!

Double-Action Gel Heel Cushions

Removable Disc to Ease Heel Spur Pain

These soft Gel Cushions protect heels with every step. The exclusive circular wave pattern absorbs shock and disperses pressure to ease pain and make walking, running or standing more comfortable. If you have a heel spur, remove the center disc to offload pressure or pain from sore area.

- Use with or without removable disc
- Durable gel construction
- Gel 'grips' — won't slip out of place
- Fit in all types of shoes

Absorb Shock for Heel Pain Relief!

**FasciaFIX®
Plantar Fasciitis
Relief Sleeve**

New!

Eases Heel & Arch Pain

Soft, elasticized ankle with unique knitting pattern provides heel and arch compression to minimize swelling, support fascia ligament and relieve pain. Tactile 'nodules' help stimulate circulation. Worn over or under socks. Daytime or nighttime use to ease morning discomfort. Also helpful for Achilles tendon conditions. Provides 25-35 mmHG all over compression, with 30 mmHG at arch.

New!

**ToeSnug®
Adjustable
Hammer Toe Wrap™**

Relieves Hammer Toe Pain

Versatile, new device, cleverly engineered for multiple uses. Supports, separates, aligns and comforts crooked, overlapping and claw toes, cushions hard and soft corns, relieves Metatarsalgia, too. Customize to fit around individual or groups of digits. Dual-action design takes pressure off toe tips and encourages flexion and extension of hammer toes. Patent pending. Interchangeable for right or left foot. Sizing is approximate. Small fits shoe sizes 4-7. Medium fits shoe sizes 7-10. Large fits shoe sizes 10+.

Visco-GEL® Bunion & Met Protection Sleeve

Soft Gel Cushions Entire Forefoot to Relieve Pain

Protective Gel pad extends from medial aspect of 1st MP/bunion joint across ball-of-foot, up around the 5th metatarsal head to absorb pressure, friction and impact shock. Eases metatarsal, bunion, and tailor's bunion pain. Soft'n Stretch™ fabric sleeve keeps Gel positioned properly, with shoes or without.

Visco-GEL® Plantar Fasciitis Arch Support Sleeve

Reduces Heel & Arch Pain

Contoured Gel pad supports the arch to limit pronation, minimize plantar fascia stretch and help relieve heel and arch pain. Soft'N Stretch™ fabric sleeve keeps Gel positioned and adds mild compression. Gel pad is fabric covered so it does not stick to skin or socks. Reversible to fit right or left foot. Effective with or without shoes, under or over socks.

2 Benefits: Protection From Friction & Effective Scar Management 8"x1", 8"x2" #3091, #3092

OTC-Packaged PediFix® Footcare Products ... Recommend Them with Confidence

The products you trust, OTC-packaged, for easier, more profitable dispensing from your office or clinic, referral to a nearby store, or patient direct ordering. You choose how best to get PediFix products to your patients.

Dispense

Dispense PediFix® OTC-Packaged Footcare Products from your office or clinic...

- Patients appreciate the convenience of getting these from you,
- They're more professional,
- Each package offers directions for use, care and warnings to increase patient compliance,
- They're easier to charge for, reducing your costs of giving away treatment products for free (instead, generating sales and profits for your practice),
- Consider Dispensary Displays to organize, stock and show these items in your office or clinic.

Full Line Display #P40

"I know your quality is unmatched, so PediFix is the only brand I suggest to my patients."

Dr. C. Phoenix, AZ

Prescribe

Prescribe PediFix® OTC-Packaged Footcare Products through a nearby retailer...

- Get Prescription Pads, Patient Product Brochures, samples, more.
- Call us to locate or arrange local availability in an independent pharmacy, DME or comfort shoe store near you.

Prescription Pads #L2041

Patient Direct Order

Enable your patients to purchase PediFix® OTC-Packaged products directly from PediFix...

- Call for Direct Order Brochures you can give to patients
- Guide patients to the consumer/patient portal at www.pedifix.com.

Please note, higher prices (typically double your wholesale costs included here) and shipping charges apply to patient direct orders. For these reasons, **please do not give this catalog, or copies of pages, to your patients.**
