In-Office Dispensing Works — For Patients & Practices Just Like Yours

Dear Colleague,

Your patients can't find PediFix medical footcare products just anywhere. They'll appreciate the convenience of purchasing them in your office. And you'll know they're getting the right product for their treatment needs. Added bonus: revenues for your practice.

Add a display, or convert a waiting or exam room, empty walls, hallways or other space into a patient service and profit center. Your satisfaction is guaranteed, or we'll buy our products back at any time. You risk nothing.

Use the center Order Form, or contact us or our authorized distributors for more information.

No Sore Feet!

ShoeZap
 15 Minute UV Shoe Sanitizer

Extra Diabetic Foot Protection

- Kills Fungus & Bacteria That Can Infect Your Feet
- Keeps Footwear 'Microscopically-Clean' & Hygienic
- Destroys Odor-Causing Germs

Shoes are warm, dark and damp — the perfect breeding ground for fungus and bacteria that cause Athlete's Foot, Fungal Nails, Foot & Shoe Odor, Diabetic Infections and more. ShoeZap uses ultraviolet light to sterilize organisms that can infect feet. Fast, easy, safe, 'green' technology. Unlike ineffective shoe sprays, ShoeZap leaves no toxic chemical residue in footwear. One size Sanitizer fits all shoe sizes and styles, to disinfect every shoe in the family — men's, women's and kid's. Helps prevent smelly shoes, infection — and re-infection — from contaminated, germ-filled footwear. Good precaution for those with diabetic skin concerns.

How does Visco-GEL® work?

Soothing gel absorbs pressure and friction to cushion and protect skin.
Mineral oil is released by the gel to soothe and moisturize skin.
Skin

Only Visco-GEL®...

- Cushions, protects, absorbs pressure, shock and shear forces better than other materials
- Releases medical-grade mineral oil, enriched with vitamin E, to soothe, soften and moisturize skin
- Conforms to prominences and foot contours
- Features our anatomically-designed products
- Guarantees its durability — will not flatten, deform or degrade with use
- Is hypo-allergenic, washable and reusable
- Is scientifically formulated for consistent softness, durability and color

"...Your Visco-Gel products are really great — consistently good quality, expert designs, and my patients love them. Your customer service people are great to deal with—always helpful and very knowledgeable..."i> Dr. Pam Hoffman

FELTastic™ Metatarsal Support Pads

Ease Ball-of-Foot Pain Instantly

Soft, contoured, genuine wool felt pads adhere to the insides of shoes to cushion, protect and support metatarsals. Unlike flat pads, their unique orthopedic shape actually helps improve the position of foot structures to relieve the cause of forefoot problems, not just the symptoms, like calluses and pain — sometimes described as “like walking on a pebble”. Felt conforms to the wearer’s feet for customized relief. Small fits most shoe sizes 5-9. Medium fits most sizes 10+.

EZ Mornings™ Heel Relief Stretching Splint

Relieves Plantar Fasciitis Pain
and Speeds Healing

‘Plantar Fasciitis’ is the medical term for pain that results from strain and microscopic tearing of the plantar fascia ligament on the bottom of the foot. One common symptom of this condition is sharp heel pain upon arising in the morning (because the ligament contracts during the night). Worn while resting or sleeping, this Splint stretches the fascia continuously to minimize morning pain and help speed healing. Adjustable stretch. Sizing is approximate. Small fits shoes sized 5-9, Large fits 9+.

5 Tips

For Improving Patient Care with an In-Office Dispensing Program

- This is a ‘value-added’ patient service — help them get the products you recommend to complement their treatment
- Don’t think of it as selling – you are dispensing specialized products your patients need, in the convenience of your office, during their visits
- It’s not about the money — that’s a bonus of providing great patient care
- “You’ll find them at the front desk on your way out” is an easy way to transition your patients to your staff for their purchases
- Ask your advisors for help understanding sales tax implications in your state — they vary
